

FEDERICO GAJO

09/12/2000
Montebelluna (TV), IT

I have always felt comfortable expressing myself visually. Since my early years of high school, I have had a strong passion for this method of communication, which, starting from photography, has then reached graphic design. This is why I decided to study communication design at the Politecnico di Milano, where my interest in design methodologies and the iterative creative process has grown even further.

Besides graphic design, I am passionate about urban and DIY culture. That's why I like to hunt for small artists and customise my old tshirts to make them shine again.

LANGUAGES Italian (native language)
English B2 (TOEIC Certification)

EXPERIENCES

Intern at Giga Design Studio

In the studio I mainly work on visual identity design and lettering, working both in teams and individually.

03/2023–current

Assistant to Karol Sudolski

I assisted Karol Sudolski in the creation of photogrammetries, from the shooting to the final model. I created 3D models and animations for some projects.

09/2022–03/2023

Anthropogenic Narratives, Triennale di Milano

I participated in designing the exhibition's identity, mainly focusing on the creation of the key visual.

02/2023–03/2023

Animation and modelling for Factanza

I created a teaser video and cover art for the launch of Factanza's Vitamine podcast, handling the conception, modelling, animation and post-production.

03/2022–04/2022

Commissioned cover art

For the past few years I have been involved in the creation of cover art.

2020–current

EXHIBITION

Anthropogenic Narratives, Triennale di Milano

One day exhibition, exposing my work for the Final exam Bachelor's Degree, at the Triennale di Milano.

03/2023

Neologia Graphic Days Torino

Exhibition at Neologia Graphic Days Torino.

05/2024
